## BIG OIL SHIP TO BE PUT ON ISLAND RUN

Associated Oil Company to Increase Oil Carrying Capacity for Honolulu

SAN FRANCISCO, May 19.—(Associated Press by Federal Wireless)—Officials of the Associated Oil Company in this city announced yesterday that the immense tank steamer Frank H. Buck, the largest vessel of its kind flying the American flag, is to be operated on the run between the coast and Honolulu.

The Buck is the newest oil tanker on the Pacific, having made its maiden voyage the middle of April, when it carried a cargo of oil from Monterey to Portland. It was built by the Union Iron Works under the supervision of the company's president, being the first vessel of the type ever constructed on the coast.

The tanker is 426 feet in length and has a capacity of 65,000 barrels of oil. Its speed when loaded is eleven knots.

## BANDITS KIDNAP MORMON SETTLER

EL PASO, Tex., May 19.—(Associated Press by Federal Wireless)—James Skousen, a Mormon colonist of Colonia Juarez near Juarez, was seized by bandits Sunday and carried off into the mountains. His fate is unknown.

## U. S. SOLDIERS HELP CABINET MEMBER

VERA CRUZ, May 19.—(Associated Press by Federal Wireless)—Aureliano Utrilla, member of Huerta's cabinet, arrived here yesterday disguised as a laborer, having fled from the City of Mexico to escape Huerta's wrath.

When he disclosed his identity he was arrested by Mexicans and on the way to jail was hoisted and jeered and called an assassin by an angry mob. Subsequently he was released and is now guarded by a detachment of American marines.

## GOV. GEN. OF CANADA WELCOMES MEDIATORS

NIAGARA FALLS, Can., May 19.—(Associated Press by Federal Wireless)—The Brazilian and Argentine mediators arrived here yesterday. The Duke of Connaught, governor-general of Canada, sent a note of welcome in which he expressed his belief in the success of the mediation congress.

## KERMIT ROOSEVELT TO REACH LISBON MAY 30

MADRID, May 19.—Miss Belle Willard, daughter of Joseph E. Willard, the American ambassador to Spain, has received a telegram from Kermit Roosevelt, to whom she is engaged to be married, saying he will arrive at Lisbon on May 30. Their marriage will take place probably during the second week of June. Colonel Roosevelt will be present.

Among the things one learns from books are some that are not so.

## FORAKER SEEKS RE-ELECTION AS U. S. SENATOR

WASHINGTON, D. C., May 19.—(Associated Press by Federal Wireless)—Leading constitutionalists in this city, on reading the report published in yesterday afternoon's papers that President Huerta was willing to resign if no other settlement of the difficulty between himself and the Washington administration could be arranged, declared they believed he had set the rumor afloat to gain concessions.

According to the Washington dispatches from Mexico City Huerta does not regard his retirement as necessary to a settlement but professes to believe that such a result can be attained by other means. However, it is positively stated that he will resign when he is convinced that there is no other way to satisfy the United States government.

Just a little philosophy may enable one to take things as they come, but to part with them as they go—that is different.

## 10 CENT "CASCARETS" STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Constipation or Catarrh of Bowels by morning.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets, because they never gripe or sicken—advertisement.

## EIGHT WIVES CHARGED TO 'MAJOR' FITZGERALD

(By Latest Mail)  
LONDON.—According to the manager of the club of which he was a member, Henry C. Fitzgerald, known also as "Major" Fitzgerald, who shot himself at the Charing Cross and died of his wounds, had eight wives in America. While Fitzgerald was on a trip, according to the club manager, he instructed the manager to open his letters.

The manager also said a detective from Scotland Yard called at the club and told him that as the result of a communication he had received, the ambassador of a European power was making inquiries concerning Fitzgerald because Fitzgerald had proposed to a princess of an imperial family whom he had told he was the next heir to the dukedom of Leinster.

The history of humanity is an immense volume of mistakes.

## RESIGNATION OF HUERTA IS DISCREDITED

EL PASO, May 19.—(Associated Press by Federal Wireless)—Leading constitutionalists in this city, on reading the report published in yesterday afternoon's papers that President Huerta was willing to resign if no other settlement of the difficulty between himself and the Washington administration could be arranged, declared they believed he had set the rumor afloat to gain concessions.

## PATRIOTS THICK IN THE ORIENT SAYS A. H. FORD

Japan Tourist Bureau Filled With Them—Australian States Boast of One, Too

YOUNG MEN IN DEMAND FOR PROMOTION WORK

Ad Club Will Be Called Upon to Entertain Pacific Movement in Annual Banquet

By ALEXANDER HUME FORD.

YOKOHAMA, Japan, Apr. 30.—In Manila it was stated by one of the high government officials that the Japan Tourist Bureau was spending 2,000,000 yen a year in advertising effort to secure the tourist, and that this paid a splendid return.

Everywhere about the Pacific I had seen Japanese literature, and had heard the splendid work of the Japan Tourist Bureau extolled to the skies, and the most remarkable statements were made as to the immense amount of money it was spending to secure the tourist. Imagine my surprise, then, when I reached Tokyo, conferred with the directors of the Japan Tourist Bureau, and found that the total amount at its disposal was about 45,000 yen, or a little over \$32,000 gold, a year—scarcely more than Java, the Philippines and Hawaii each is spending. But what a difference. In Japan every worker for the Japan Tourist Bureau is a patriot. He is proud of his uniform, and proud of the fact that he draws a small salary for being of service to his country.

The railways, the steamship companies and other concerns pay salaries to young men and have them serve apprenticeships in the Japan Tourist Bureau, which is run by the way, by young men full of the enthusiasm and patriotism and love of Japan, and the thrill of establishing the tourist. Hunter Refuses Salary.

About the Pacific generally, the tourist bureau work is looked upon largely as government work, and small regular salaries are the rule. Every effective man that I have met so far about the Pacific in promotion work has been a patriot at heart. Percy Hunter, for instance, is the highest paid of all. The two states of Victoria and New South Wales pay him \$5000 gold a year. While I was in Sydney one of the leading firms there offered him twice that amount if he would work for them, but his reply was that he could not leave the work he was doing for Australia, and although New South Wales and Victoria alone pay Hunter's salary, he always speaks of his work for Australia.

Victor Ryan, who is at the head of the State Tourist Bureau in Adelaide, South Australia, is a man who would draw a much larger salary if he would leave the tourist service that he has made a success in his state. The same is true of A. O. Neville, who is the life and energy of the tourist work in Perth, West Australia. He is making a remarkable success of it because he loves it, and he is training up partly at his own expense a corps of young men to carry on the work.

Young Men in Harness.

In Manila it is P. L. Bryant, the youthful secretary of the Merchants' Association, and manager of the publicity committee, that is doing the splendid work that is making the Philippines known around the world. He has secured for Manila the honor of being the terminal point of one transpacific line after another, and will probably succeed now, with the assistance of G. H. Corse of the Pacific Mail, in securing a direct Manila-Shanghai service. Shanghai and Peking are waking up, and their young men are getting together in a patriotic movement to welcome and interest people in China. The gentlemen in charge of the tourist bureau of Java are eager to have young men in their service that they may train them, and it is possible that the Hands-Around-the-Pacific movement will provide one such man, as it would quadruple the effective work done so splendidly in Java, but there the young men in the promotion work is seen and valued, and it is desired by no one more than the men in charge of the bureau.

The promotion work of Tasmania is in the hands of young men of energy and patriotism who love their work, and Tasmania, small as she is, is next to New South Wales, the best advertised state of the Australian commonwealth.

I am beginning to receive letters now from all of the places about the Pacific that I have visited asking for more information about the proposed system of cadets, who in each of the great cities of the Pacific will study tourist promotion work as a profession and move on from place to place until each has grown up with a full knowledge of the entire Pacific, and will have a billet at the head of the local tourist bureau. I hope to give a practical demonstration of what may be accomplished along this line, with the assistance of Joseph Stickney. From the three months that Joe spent in the Sydney tourist bureau, the year's work that he did studying outdoor promotion methods in Hawaii, his experience in the several tourist bureaus of New Zealand, Australia, Java, the Philippines and

## EVIDENCE IS STRONG AGAINST LIEUT. BECKER

NEW YORK, May 19.—(Associated Press by Federal Wireless)—C. B. Pitt, Jr., an important witness in the trial of Police Lieutenant Charles A. Becker, for the murder of Herman Rosenthal, the gambler, testified yesterday that Becker had asked him to kill Jack Rose before the murder of Rosenthal, and again after Rose was arrested as an accomplice. The state closed its case yesterday and the defense will introduce testimony today.

Japan, he has become an invaluable assistant and in each place he has been able to make an impression that is not forgotten, so that now most of the tourist bureaus about the Pacific are beginning to look into the matter of establishing an inter-changeable cadet system, so that in time, each of the tourist bureaus will have one man who knows the tourist Pacific thoroughly, and can direct anyone who calls and inform him of the tourist facilities of every country about the Pacific.

Convention in Honolulu.

It is the wish of Percy Hunter of Australia, T. E. Emmett of Tasmania, H. J. Manson of New Zealand, A. O. Neville of West Australia, and others about the Pacific, including H. O. Friend, who is organizing in British Columbia, that a convention of all of the official tourist bureaus be held in Honolulu some time in January before the opening of the Panama Exposition in San Francisco, at which we all expect to work together in one pavilion to advertise the tourist attractions of the great Pacific, and it seems to be expected that the Hands-Around-the-Pacific movement will call this convention. The Hands-Around-the-Pacific movement will probably remain a movement rather than a club, and it will be put up to the Ad Club of Honolulu to give the annual Hands-Around-the-Pacific banquet there, as the City Club of Manila gives it annually in the Philippines, the Million Club of West Australia in Perth, the Saturday Club in Shanghai, the China Progress Club in Peking, and the Millions Club in Sydney.

The Hands-Around-the-Pacific movement is now practically composed of all of the men about the Pacific who are interested in welcoming the stranger to the different lands of the great ocean. The heads of most of the affiliated clubs, such as those in Manila, New Zealand, Australia and China, are the premiers, governors-general or the presidents of those countries, as the head of the Hawaii organization has always been Walter F. Frear as governor, and now as ex-governor. The local clubs meet weekly to arouse local patriotism, and meet together at an annual Hands-Around-the-Pacific banquet to arouse a Pacific patriotism; but one and all, they are interested primarily and almost entirely in tourist work for their own localities first, and then for the whole Pacific.

Excursionists set Pace.

The Hawaii party to Japan has set a pace that I am very certain will be followed all around the Pacific, and I would not be surprised to see Japan send a visiting party to Hawaii, and I am certain that Australia will do so, and equally certain that Hawaii will return the visit, and it seems to me that the Ad Club should be the

## WOULD SETTLE TOLLS EXEMPTION BY ARBITRATION

WASHINGTON, D. C., May 19.—(Associated Press by Federal Wireless)—From a careful canvass among senators and representatives it seems that there is a growing sentiment in favor of arbitration as a means of settling the tolls repeal question. While no action has been taken in this direction the movement for such a disposition of the issue may assume definite form within a few days.

organization to get up the party to Australia.

When our people of Hawaii learn what seeming miracles some of the other countries of the Pacific are accomplishing by leaping forward to modern methods in promotion and tourist work, I am very certain that they will return home and set the young men a pace in the patriotism of doing home promotion work—not for money, but for the real love of the greatest sport in the world, and that is, making the stranger within your gates realize that you have a paradise that no good, healthy man has ever been known to voluntarily offer to exchange for an ethereal paradise above the skies.

## TROOPS TO STAY UNTIL PEACE IS RESTORED

U. S. to Hold Vera Cruz As Long As Mexico Is Unsettled

WASHINGTON, D. C., May 19.—(Associated Press by Federal Wireless)—President Wilson yesterday told the American commissioners who will leave today to attend the mediation congress at Niagara Falls that the United States will keep troops at Vera Cruz until a definite settlement of the Mexican problem has been reached. He gave no specific instructions to his commissioners but told them to place themselves in a receptive mood to await the proposals of the mediators.
